Marketing Bulletin 2016-02

July 19, 2016

Updated List of Interchangeable Part Numbers

The following is a list of tires that can be produced in more than one Goodyear plant. The gray highlighted tires are functionally the same tire but with different part numbers, while the non-highlighted tires are the same tire with identical part numbers. In either case, tires from each box can be interchanged freely in aircraft applications and in distributor inventories.

Tire Size	PR	Product Line	Product Code	Material Number	Part Number	Origin
15x6.0-6	6	Flight Special II	301-249-420	9574	156E61-3	USA
